

W/E: 4.11.16

This week Year 1 have been working hard on their counting in 2s skills. They have been able to work out missing number sequences, as well as group objects into 2s and share items between 2 people. The children have been enjoying our new class text, *The Odd Egg*, and have been writing instructions about how to care for an odd egg. As part of our new creative learning topic, 'Splendid Skies' and science topic, 'Changing Seasons', the children have become very skilled in matching the weather and natural changes with spring, summer, autumn and winter.

Before the half-term break, Year 1 took part in a 'Heroes Day' to celebrate our learning about real-life heroes and superheroes. The children's costumes were fantastic and they thoroughly enjoyed engaging in their cooking and nutrition learning throughout the day. The children were enthusiastic when tasting a variety of fruits and then selected their favourites to design and make their own fruit smoothies.
