Friday 23<sup>rd</sup> February

### 'Show the Love' - Environmental Project

Dear Parents/Carers,

Our school vision is "Learn, Live, Laugh with the Love of God" Part of working together as a school community involves us protecting God's greatest creation 'Planet Earth'; especially as 2023 was the warmest year on record.

For ten years, The Climate Coalition has united communities behind the power of green hearts every February. Show The Love has grown public support for climate action and here at St James, we are supporting this campaign. Green hearts are powerful! The power of green hearts is to send a message to those in power that we want to see a safer, greener future for generations to come.

Read more about the Climate Coalition here.

Your challenge this weekend and before the end of February is to design, create and share green hearts in as many different places as is possible! This could be big or small, at home or outside, temporary or permanent - the choice is yours!

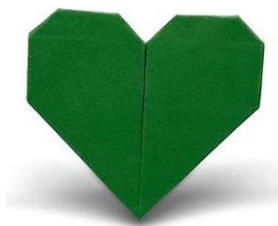

**This weekend, please create a green heart and leave for this someone to find or see. Take a picture of this and bring it into school and/or share on Twitter(X) with the #ShowtheLove.** We will be making a display of these in school to show our commitment to supporting the planet both in school and at home.

On the reverse of this letter are some suggestions that may spark your creativity. I eagerly await the creative ideas you could create!

Kind regards

Mr M Hardy

Partnership Deputy Headteacher
