

St James' CE Primary School

Year 1 Blog

Week Ending 4th October 2019

We have been busy bees in Year 1, enjoying lots of creative learning.

In art, we had great fun experimenting with different fruit and vegetables to make our self-portraits. Once we were happy with our pieces of art... we ate them! Delicious! We can't wait to start recreating our fruity faces using lots of different art mediums.

In Geography, we have been learning about coasts and towns. We all became professional tour guides as we lead an open bus top tour of Haydock, teaching everybody about the features of a town.

In English, we have started to explore our new focus text, 'Peace at Last'. We are super excited to recreate our own similar stories next week.
