

St James' CE Primary School

Year 1 Blog

Week Ending 6th December 2019

Year 1 have had a very exciting few weeks.

As part of our history topic, we took a trip to the Museum of Liverpool to further our learning about toys through time.

We have so much fun comparing and sorting toys from different points in history and even got to play with the different toys. Lot of the children particularly enjoyed playing with toys from the Victorian Era.

We are also very excited about our DT topic - making stockings. After testing out different materials and practicing our different joining skills, we are finally ready to start making our final product. Mrs Saalmans was very impressed with our sewing skills and thinks we will make fantastic stockings! We cannot wait to get started.
