

St James' CE Primary School

Year 1 Blog

Week Ending 20th March 2020

Year 1 have really enjoyed their learning for the past two weeks.

Our special visitor, Bertie the bear has been teaching us so much already about France. We are now able to locate France on a map, name a city and rural location in France and even flew there ourselves (over the English Channel) this week. How exciting!

The week in English, we received some mysterious letters addressed to a boy called Duncan. We discovered they were written from different coloured crayons and that not all of these crayons were very happy. These letters have sparked some brilliant discussion and creative writing.

In art, our designs are well underway for our spring themed T-shirts and we are looking forward to making them soon.
