

St James' CE Primary School

Hydrangea Class Blog

Week Ending 11th Sept 2020

Hydrangea Class have had a fantastic start to the new school year!

In Maths, we have been learning all about place value and writing numbers to 1,000,000. We are enjoying our new text in English which is called 'Here we are' and we have been writing our own poems. In Geography we have started learning about South America. We have started our new 'Earth and Space' topic in science and have been sketching pop art designs based on the artist Roy Lichtenstein in Art. We are beginning to explore the Bible in RE and in ICT, we are looking at how to keep safe online!

We are very thankful to God for bringing us all back to school safely and for the opportunities to make new friends! 😊

We are looking forward to another week full of learning together!
