

St James' CE Primary School

Hydrangea Class Blog

Week Ending 25th Sept 2020

Hydrangea Class are continuing to have a fantastic term with lots of fantastic work being produced!

In Maths, we have moved onto addition and subtraction and we are practising using the column method. In English, we are now looking at and writing our own Limericks. In Geography we have continued our learning on South America and have been drawing climate graphs and discussing urbanisation. During Science, we have been looking in detail at the movements of the Earth and the Sun and have been sketching pop art designs based on the artist Andy Warhol in Art. We have been continuing to explore the Bible in RE by looking at the different books of the Bible and in ICT, we are looking at how to keep safe online!

We are thankful to God for continuing to keep us safe during these uncertain times! 😊

We are looking forward to another week full of learning together!
