

# St James' CE Primary School

## Lupin Class Blog

Week Ending 25<sup>th</sup> September 2020

Year 1 have really got stuck into their learning this week!

We have been working on our addition and subtraction of numbers to ten and how to count on.

In Science we have been looking at the seasons and all the different types of weather. Last week we looked at spring and how rain clouds make rain (check out our Twitter for the photos).

In computing we have been learning all about how to be safe on the internet and how not all information out there is true. This week we have learnt how to use Swiggle to search for an image.

We are very thankful to God for keeping us safe and happy during a difficult time. 😊

Here's our class  
flowerpot snails!
